# ECHOES and REFLECTIONS Summer Symposium

## INVITATION FOR K-12 EDUCATORS

A Cross-Curricular Multimedia-Rich  
Approach to Holocaust Study

**W-F; JUNE 15-17, 2016**

**WHAT:** **Echoes and Reflections** is a comprehensive Holocaust education program with a rich array of resources for middle and high school classrooms -- which are now searchable in LACOE's MediaSnap. Appropriate for all teachers for personal growth and middle and high school teachers for classroom application, **Echoes and Reflections** Summer Symposium prepares educators to teach about the Holocaust in a way that stimulates engagement and critical thinking while providing opportunities for students to see the relevance of this complex history to their own lives.

**FOCUS:** With a special focus on Anne Frank and children of the Holocaust, this three-day workshop is woven with related media, ebooks, online resources, and a special spotlight on the **College, Career & Civic Life C3 Framework**. This important framework complements California's Social Studies Content Standards by adding the additional dimension of civic engagement.

**LOCATION:** Held on location at the **USC Shoah Foundation** for the first day, and the **Museum of Tolerance** for the following two days, participants will be immersed to allow an in-depth experience, as well as providing time for classroom planning and personal reflection.

**DIGITAL RESOURCES:** Extensive primary and secondary source materials aligned with modular, interdisciplinary lessons help students understand what happened during the Holocaust, why it happened, and how it relates to difficult issues they face today. Teacher-friendly materials address academic standards and incorporate a mix of instructional strategies and technologies for use in 21st century classrooms.

**WHY:** Teaching about the Holocaust using **Echoes and Reflections** and related resources helps students make connections with the past, gain relevant insight into human dilemmas and difficult social challenges, and determine their roles and responsibilities in the world around them today. Individual stories and visual history testimonies from survivors, liberators, and other witnesses of the Holocaust are relevant to help students examine contemporary social issues related to fairness and justice. **Echoes and Reflections** provides value to both experienced Holocaust educators who are supplementing their curricula and for teachers new to Holocaust education.

### EVERY PARTICIPANT RECEIVES:

- A comprehensive **Echoes and Reflections** Teacher's Resource Guide with access to over two hours of visual testimony
- **MediaSnap** free trial (for non-members); curated resource playlists for members
- A no-cost **eLibrary Services** account to access a variety of ebooks, including a special collection of Holocaust-related titles
- A copy of the **College, Career & Civic Life C3 Framework**
- Continental breakfast and lunch each day
- Parking; carpools are encouraged!

**COST:** \$75 per participant
