INDEPENDENT AUDITORS' REPORT

Board of Education
Los Angeles Unified School District

Report on the Financial Statements

We have audited the accompanying financial statements of KLCS-TV (the "Station"), a broadcast service of the Los Angeles Unified School District and its discretely presented component unit, KLCS Education Foundation ("KEF"), as of and for the years ended June 30, 2014 and 2013, and June 30, 2014, respectively, and the related notes to the financial statements, which collectively comprise the Station's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Station and its discretely presented component unit, KEF, as of June 30, 2014 and 2013, and June 30, 2014, respectively, and the changes in its financial position and cash flows thereof for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note No. 1 to the financial statements, this year the Station's financial statements include a discretely presented component. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the *required supplementary information, management's discussion*, on pages 3-8 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated February 9, 2015 on our consideration of KLCS-TV's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering KLCS-TV's internal control over financial reporting and compliance.

Restriction On Use of this Report

This report is intended solely for the information and use of the Board of Education, management, and the Corporation for Public Broadcasting, and is not intended to be and should not be used by anyone other than these specified parties.

A BROADCAST SERVICE OF THE
LOS ANGELES UNIFIED SCHOOL DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEARS ENDED JUNE 30, 2014 AND 2013**

The Management's Discussion and Analysis (MD&A) section is prepared by the KLCS management and is an element of the reporting model adopted by the Governmental Accounting Standards Board (GASB) in its Statement Number 34. The MD&A provides the reader with general information on and analysis of the financial activities of KLCS.

KLCS is the unit of the Los Angeles Unified School District (the District) engaged in the production and broadcast of television programming, and is an account in the District's General Fund. KLCS receives a substantial portion of its annual funding from the District and from the Corporation for Public Broadcasting.

The financial statements include the financial activities of KLCS and its related 501(c)(3) nonprofit corporation, the KLCS Education Foundation (KEF), which commenced operations during the fiscal year. KEF is a legally separate and tax-exempt entity which does not meet the criteria of being a blended component unit due to the amended criteria provided by GASB 61. KEF is discretely presented and the activities of KEF are not included in the MD&A.

Readers are encouraged to consider the information presented herein in concert with additional information furnished in the Station's letter of transmittal and the financial statements immediately following this report, including the accompanying note disclosures and supplemental information.

Financial Highlights

- The assets of the Station exceeded its liabilities at the close of the most recent fiscal year by \$1.3 million (net position).
- The Station's total net position decreased by \$604,421 from the prior year total, due primarily to the transfer of assets to KEF and to depreciation of capital assets.
- The Station's total obligations increased by \$155,411 (41%) during the current fiscal year. The increase resulted primarily from an increase in unexpended grants due to an increase in licensee support.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the Station's financial statements. The Station's financial statements comprise of both the financial statements proper and the notes to those financial statements.

The financial statements are designed to provide readers with a broad overview of the Station's finances.

The Statement of Net Position presents information on the assets and the liabilities of KLCS, with the difference between the two reported as its net position. Over time, increases or decreases in the net position may serve as useful indicators of whether the Station's financial position is improving or deteriorating.

The Statement of Revenues, Expenses and Changes in Net Assets and the Statement of Cash

**KLCS-TV
A BROADCAST SERVICE OF THE
LOS ANGELES UNIFIED SCHOOL DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEARS ENDED JUNE 30, 2014 and 2013**

Flows provide information on income and expenses and cash activities. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

The Notes to the Financial Statements provide additional information that is essential to a full understanding of the data presented in the financial statements.

The financial statements can be found on pages 9-11 of this report.

Financial Analysis

As noted earlier, changes in net position over time may serve as a useful indicator of an entity's financial position. In the case of KLCS, assets exceeded liabilities by \$1.3 million at the close of the most recent year.

By far the largest portion of the Station's net position (\$1.2 million) reflects its investments in capital assets (e.g. equipment and deferred equipment installation expenses) less depreciation. The Station uses these capital assets to provide television broadcast and production services; consequently, these assets are not available for future expenditure.

The second portion of the Station's net position consists of its prepaid expenses, which are not spendable. These prepaid expenses increased slightly (3.8%) during the fiscal year.

The remaining portion of the Station's net position, its unassigned net assets (-\$59,226), represent resources that are not subject to external restrictions on how they may be used. These resources are mainly derived from activities such as donations, sales of recorded media, program underwriting, and production activities. The Station's unrestricted net position decreased 119% during the year primarily due to the cessation of the aforementioned activities by the Station, and the transfer of these functions, and related assets and income, to KEF.

In FY 2014, the Station's capital assets decreased by 16%. This is due primarily to the depreciation of existing assets. Current assets decreased by 32% reflecting the transfer of membership assets to KEF, as well as lower expenditures, offset by lower revenues and differences in timing of payment of liabilities.

The Station's current liabilities (which are its total obligations) increased by 41% during the fiscal year. The increase resulted primarily from the increase in unexpended grants.

The Station continued to recover from recent budget reductions and enjoyed generally improved financial stability in the current fiscal year. The Station closely reviews its revenue and expenditure data to ensure that a sufficient ending balance is maintained. This review occurs throughout the fiscal year and at year end.

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEARS ENDED JUNE 30, 2014 and 2013**

The Station's net position decreased by \$604,421 in the current fiscal year, due primarily to the transfer of assets to KEF and depreciation of capital assets.

The following graph shows that appropriations from the Los Angeles Unified School District and grants from federal funds, primarily through the Corporation for Public Broadcasting, are the main revenue sources of the Station. The proportion of the Station's funding provided by the District rose from 53% in FY 2013 to 75% in the current fiscal year due to restoration of some recently reduced District appropriations to the Station. At the same time the share of Station revenues provided by federal grants decreased from 34% to 13%.

A BROADCAST SERVICE OF THE
LOS ANGELES UNIFIED SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED JUNE 30, 2014 AND 2013

NOTE 1 – REPORTING ENTITY

KLCS-TV (the “Station”) is a public television station licensed to the Los Angeles Unified School District (the “District”) and an account within the District’s General Fund. These financial statements do not represent the financial position or the results of operations of the District. The Station receives a substantial portion of its annual funding from the District and the Corporation for Public Broadcasting (CPB).

The Station’s broadcasting license has been renewed by the Federal Communications Commission through December 1, 2022.

Discretely Presented Component Unit

The Station’s financial statements include KLCS Education Foundation (“KEF”), a related California nonprofit corporation commencing operations during the fiscal year ended on June 30, 2014. The purpose of KEF is to raise and manage revenues for the Station, and manage Station memberships.

KEF is presented in the Station’s reporting entity as a discretely presented component unit because of the financial accountability criteria in GASB Statement No. 14, *The Financial Reporting Entity* as amended by GASB Statement No. 61, *The Financial Reporting Entity: Omnibus* and GASB Statement No. 39, *Determining Whether Certain Organizations are Component Units*. KEF meets the criteria to be reported with the Station as a discretely presented component unit. These criteria are:

- The economic resources received or held by the separate organization are entirely or almost entirely for the direct benefit of the primary government, its component units, or its constituents.
- The primary government, or its component units, is entitled to, or has the ability to otherwise access, a majority of the economic resources received or held by the separate organization.
- The economic resources received or held by an individual organization that the specific primary government, or its component units, is entitled to, or has the ability to otherwise access, are significant to the that primary government.

KLCS-TV
A BROADCAST SERVICE OF THE
LOS ANGELES UNIFIED SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED June 30, 2014 and 2013

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

In May 2005, the CPB issued guidance for financial reporting under GASB No. 34 *Basic Financial Statements and Management Discussion and Analysis for State and Local Governments* in their guide *Application of Principles of Accounting and Financial Reporting to Public Telecommunications Entities*. CPB encourages all public broadcasting entities to present their financial statements as an enterprise fund. The Station has adopted this method for their financial statement presentation.

Measurement Focus and Basis of Accounting

These financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

The Station accounts for its operations in a manner similar to a private business enterprise - where the intent of the governing body is to finance the cost (expenses, including depreciation) of providing goods and services on a continuing basis or recover the cost of services primarily through fees to customers. The Station generally fully funds capital investments in advance of acquisition. Although the Station funds the majority of its capital investments in buildings and equipment in advance of purchase, the value of these investments is shown as a depreciation expense in the operating budget as the beneficial use of the assets are consumed. Careful attention to the accompanying notes is suggested to fully understand the financial position of the Station.

The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial principles. The Financial Accounting Standards Board (FASB) is the accepted standard-setting body for business accounting and financial principles. As a division of the District, the Station must follow Government Accounting Standards.

The Station's policy for defining operating activities, as reported on the statement of revenues, expenses and changes in net position, are those that generally result from the provision of public service media or instructional technology services and from the production of program material for distribution over electronic networks and broadcast channels. Revenues associated with, or restricted by, donors for capital improvements, and revenues and expenses that result from financing and investing activities are recorded as non-operating revenues.

KLCS-TV
A BROADCAST SERVICE OF THE
LOS ANGELES UNIFIED SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED June 30, 2014 and 2013

Cash

KLCS-TV maintains of its cash in an account at the District and deposited in the Los Angeles County Treasury and on bank accounts, which are readily available for withdrawal.

Property and Equipment

Property and equipment are recorded at cost, or in the case of donated property, at fair value on the date of receipt. Capital assets are depreciated on a straight-line basis using estimated useful lives of 5 years to 20 years.

In-Kind Contributions of Property and Equipment

Contributed property and equipment includes land, buildings, tower site, buildings and building improvements, broadcast equipment, furniture, office equipment and vehicles. Contributions are recorded at fair value upon receipt. Fair value is based on market prices for similar assets, independent appraisals or replacement cost of the asset.

Donated Services, Facilities and Other Assets

In-kind contributions of services and assets are recorded if they meet the criteria established by CPB and accounting principles generally accepted in the United States of America.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles require management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Total Program and Supporting Services	<u><u>\$4,954,261</u></u>	<u><u>\$ 5,120,884</u></u>

NOTE 7 – RETIREMENT PLAN

KLCS employees are covered by the District's defined benefits pension plan operated by the California Public Employees Retirement System, as well as other post-employment benefits. The required disclosure and other information of these plans can be found in the District's latest Comprehensive Annual Financial Report. This report is available at the District's Office of the Chief Financial Officer.

NOTE 8 - CONTINGENCY

Income Taxes

KEF, a California not-for-profit corporation, has applied for federal and state tax exemption under the Internal Revenue Service under Section 501(c)(3) of the Internal Revenue Code and corresponding state code. Management expects to receive tax exemption approval from the tax authorities.

KEF filed, for the year ended December 31, 2013, Return of Organization Exempt From Income Tax, Form 990, and the California Exempt Organization Annual Information Return, Form 199. KEF believes that it has appropriate support for income tax positions taken. Therefore, management has not identified any uncertain income tax position. Generally, income tax returns remain open for examination by taxing authorities for three years.

**Report on Internal Control Over Financial Reporting and on Compliance and Other
Matters Based on an Audit of Financial Statements Performed in Accordance
With Government Auditing Standards**

INDEPENDENT AUDITORS' REPORT

Board of Education
Los Angeles Unified School District

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of KLCS-TV's (the "Station"), a broadcast service of the Los Angeles Unified School District (the "District") and its discretely presented component unit, KLCS Education Foundation's ("KEF"), as of and for the years ended June 30, 2014 and June 30, 2013, and June 30, 2014, respectively, and the related notes to the financial statements, which collectively comprise the Station's basic financial statements and have issued our report thereon dated February 9, 2015.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered KLCS-TV's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing an opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of KLCS-TV's internal control. Accordingly, we do not express an opinion on the effectiveness of KLCS-TV's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the KLCS-TV's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether KLCS-TV's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the KLCS-TV's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Restriction On Use of this Report

This report is intended solely for the information and use of the Board of Education, management, and the Corporation for Public Broadcasting, and is not intended to be and should not be used by anyone other than these specified parties.
